- STAINLESS STEEL
  BA 430 | 304 | 316
  MIRROR |SATIN | BRUSHED

450 x 500mm Panel

NEED TO KNOW HOW MANY LINBINS WILL FIT ON A PANEL?

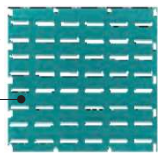

You simply use these two figures to determine how many Linbins will fit on a panel.

The easy way to determine how many Linbins will fit on a panel?

Every Linbin has an LBU value (LBU=Linbin value) which you will find listed with the Linbin ordering information.

Each louvre panel has a capacity value (LBU capacity) which is listed in the louvre panel ordering information.

For example :

The louvre panel LS80442 (450 x 500) has a capacity value of 16.

You can use any number of Linbins, in any combination of sizes providing the total doesn't exceed 16.

With a panel capacity (LBU capacity) of 16 we can, for example, fit the following Linbins:
4 No.6 (4 x LBU 4) = total LBU 16 or
8 No.2 (8 x LBU 1) = 8
8 No.3 (8 x LBU 1) = 8
= total LBU 16

OPTIONAL: CUSTOM SIZES & COLOURS CAN BE SUPPLIED, SUBJECT MINIMUM QUANTITIES / T&C APPLY
